JACKSONVILLE, ILLINOIS, WEDNESDAY MORNING, AUGUST 23, 1905.

RUSSIA WILL NOT YIELD

SO RUMORED AT A LATE HOUR

Today to Decide the Momentous Question of Peace or War—The President's Solution Explained—No Session Tuesday.

Portsmouth, N. H., Aug. 22.—The Associated Press is now in a position to reveal substantially the suggestion of President Roosevelt for breaking the existing deadlock in the peace negotiations and rescuing the conference from failure. His solution would ingeniously permit satisfaction of the Japanese demands for reimbursement for cost of the war and at the same time enable Russia to face the world with the declaration she had not ceded a foot of territory or paid a kopeck of war tribute to the victor.

The solution is the one which has heretofore been described in the Associated Press dispatches as a natural and logical compromise. Tersely stated, it consists in agreement by Russia to repurchase possession of either all or half of Sakhalin, now in military occupation of the Japanese, for a sum, the amount of which, if the two countries cannot agree, shall be decided by some method of arbitration hereafter to be determined. The purchase money, together with the sum Japan would obtain from cession of the Chinese Eastern railroad and maintenance of Russian prisoners in Japan would, it is estimated, about equal the amount claimed by Japan as her bill for cost of the war. Possibly, therefore, the solution offered by the president involves recession by Japan upon article 5 (cession of Sakhalin) and recession by Russia upon article 9 (indemnity). It seems practically certain, though this cannot be affirmed positively, that the president to day was able to give Witte substantial assurance Japan would be willing to accept such compromise. This is apparently supported by an authoritative Japanese statement made to the Associated Press to night in reply to a question as to whether Japan has not decided to make substantial concessions: "It all depends upon Russia."

It was the president's message to Witte which caused the sensation of the day. Early in the morning had come official announcement of the meeting of the conference which was to have been held to day had been postponed until to-morrow morning. The public reason assigned was the protocols had not been completed. But a few hours later the true reason leaked out. J. L. McDrew, a stenographer attached to the executive offices at Oyster Bay, had arrived with a communication from the president for the Russian plenipotentiaries. Witte and Rosen had left the hotel, ostensibly for a ride in an automobile to York beach, but instead had quietly slipped over to the conference building at the navy yard to receive the message from Assistant Secretary Pierce. Most elaborate precautions had been taken to insure secrecy, but it leaked out through a "tip" from New York which reached the Associated Press.

From 10:30 until 1:10 Witte and Rosen remained at the conference building with Pierce. All those present declined to make any statements regarding what transpired, even in refusing to admit that any importance attached to the matter. Witte would only admit that he had gone to the building to "send a message," and Rosen and Pierce absolutely refused to make any statements. McDrew took the 2:25 train to Boston, whence, according to report, he took the Merchants' limited after first inquiring at the intelligence office for connections to Oyster Bay. He probably carried a reply to the president. This reply, it is believed, was prepared by Witte and Rosen after Pierce had delivered to them the president's message.

Roosevelt's message to Witte and Rosen is believed to have been the result of his interview yesterday at Oyster Bay with Kaneko, one of Marquis Ito's close friends, who has acted as the president's medium of communication with the Tokyo government. It has been asserted here that in addition to the president's communication to Witte through Rosen last Sunday and by messenger to day, messages directly to Emperor Nicholas have been delivered by Ambassador Meyer at St. Petersburg, but no official confirmation is obtainable. The general disposition was to regard to day's swift and kaleidoscopic developments as materially brightening the chances of success of the president's heroic endeavor to save the conference from failure. But it was realized that all as before depended upon the attitude of Emperor Nicholas and his advisors. Witte, it is positively stated, personally favors the solution offered by the president, but is powerless unless the emperor gives the word. With the most intense anxiety that word is awaited. It spells peace or war.

Another slight flurry was created to night by the arrival of Colonel Michael, chief clerk of the state department. He had come in response to a summons from Mr. Pierce, but both Mr. Pierce, and Michael stated that the visit was only in connection with the routine business of the department.

Third Assistant Secretary of State Pierce to night issued a statement in

which he denied that any "envoy or representative of the president had any conference with Witte or Rosen to day," and neither did he have any conference with them.

Bulletin—A long cable message from St. Petersburg, believed to be the Russian reply, arrived at 10 o'clock to night and Witte's secretary began immediately to decipher it. Considerable excitement was apparent in the annex where the Russian headquarters are located. Sheet by sheet the translation was taken to Witte's room. Rumor is that it is a refusal, a nonpossumus, a reiteration of the Russian position that she has given ample proof of her desire for peace in articles already accepted and that more she could not yield with dignity and honor.

Bulletin, Aug. 23.—No confirmation of the rumor that Russia's reply is a negative can be obtained and it must be accepted with all reserve. Lights in the rooms of Witte and Rosen were burning long after midnight.

Bulletin, 2 a. m.—It is stated that Komura has agreed to offer at the session this morning (Wednesday) the president's compromise proposition. A high authority believes it impossible that final rupture can come to day no matter what the character of the emperor's final instructions to Witte may be. "If negotiations can be prolonged into next week," said he, "so much pressure will be brought to bear upon the emperor that he will not be able to resist."

RUSSIAN SENTIMENT.
St. Petersburg, Aug. 23, 2:30 a. m.—The effect of President Roosevelt's personal influence toward reconsidering the differences between the Russian and Japanese plenipotentiaries is being watched with closest attention here. Though all save the highest representatives of the foreign office are in ignorance of the exact status of negotiations, it is felt generally negotiations are on the verge of a deadlock. The public at large has practically reconciled itself to the apparent necessity of continuing the war and there is only one opinion about the desirability of peace—if obtainable without humiliation. The action, therefore, of the president is far from unwelcome.

Growing confidence is noticeable in official circles that if the conference failed it would be because of inability to agree upon the question of indemnity, which is regarded now as practically the only point on which there is no hope of agreement unless the Japanese reduce their demands very materially.

FROM LONDON.

London, Aug. 23.—The Post, which throughout the war has strongly identified itself with the Japanese side, in a dispatch from its correspondent at Portsmouth published this morning (Wednesday) declares that "peace of Portsmouth is within measurable distance."

The correspondent asserts both sides will make substantial concessions for the sake of peace. Russia, he says, will pay Japan a sum in the guise of expenses for the maintenance of prisoners, etc., and "that Sakhalin will be divided, Russia retaining the northern and Japan the southern part, while Japan will abandon her claims as to the interned warships and limitation of Russia's naval force in the Pacific."

HAS NOT RELAXED EFFORTS.

Oyster Bay, N. Y., Aug. 22.—While President Roosevelt has not relaxed in the least his efforts to bring the Russian and Japanese envoys into an agreement a distinct lull in negotiations was noticeable here to day. No visitors on business connected with peace proceedings are expected. Assistant Secretary of State Pierce at Portsmouth is keeping the president advised of developments in the situation there, but the precise nature of information he transmits is not disclosed.

Paris, Aug. 22.—The St. Petersburg correspondent of the Temps contradicts the reports sent to the London Times and Berlin Lokal Anzeiger to the effect that a council held at Peterhof it was decided not to make further peace concessions. He says the council, on the contrary, pronounced by a small majority for conclusion of peace and that the emperor has ordered Russian delegates to make a new proposition relative to indemnity. The correspondent adds the Russian delegates have received telegrams from generals in the field urging against conclusion of unfavorable peace, as the army feels sure of victory.

KILLED BY ROBBER.

Chicago, Aug. 22.—Mrs. S. E. Mize, of New York city, was shot and killed to night by a robber. Accompanied by Mrs. E. T. Wilson, also of New York, Mrs. Mize left the Del Prado hotel, where they were stopping, about 9 o'clock for a walk. At Fifty-eighth street and Washington avenue, a short distance from the hotel, they were stopped by two men, who demanded their valuables. Mrs. Mize started to run, when one of the men shot her in the head. Mrs. Mize died in a few minutes after being taken to the hotel.

LAKE CANAL PROPOSED.

Detroit, Mich., Aug. 22.—Nelson Thomasson, a well known vessel man of Chicago, is authority for the statement that a syndicate is to be formed to dig a canal from Au Train on Lake Superior to Gladstone or Escanaba on Lake Michigan. By using Whitefish river, it is declared, only sixteen miles of the total distance of forty miles between Lake Superior and Lake Michigan would have to be dredged. Such a canal would shorten the route between Duluth and Chicago by 265 miles and would save upward of 200 miles on the route between Duluth and Buffalo.

BELIEVE WORST IS NOW OVER

OPINION OF YELLOW FEVER FIGHTERS

Notwithstanding the Improvement Manifest, no Relaxation of Vigilance will be Permitted—Cases at Gregory, Mo.

New Orleans, Aug. 22.—Report up to 6 p. m.:
New cases, 57.
Total cases, 1,563.
Deaths, 9.
Total deaths, 214.

The fact that there was little change to day from the record for several days was accepted by the federal authorities as confirming their expressions of the encouraging nature of the yellow fever situation. The fever fighters contend that if the disease is held in check at the very period when it ought to be on an ascending scale of virulence and when both the cases and deaths should be leaping to alarming figures, there is no reason why they should reserve opinions that the worst is over. Nevertheless word has gone down the line from headquarters that there must be no cessation of measures recommended as necessary to continue control of the situation. Relaxation now would only give the fever opportunity to gain a fresh hold upon the community, and with three months intervening before frost it is felt any want of vigilance may undo all the good that has already been done.

Deaths to day were again principally of people bearing foreign names. An exception was Arthur Hill, an employee of one of the large wholesale dry goods houses. In spite of all agitation there has been on the subject some citizens still remain unscreened and the police have received orders to spare no one who shows indisposition to obey the law. Failure to screen caused Hart Newman, son of Isadore Newman, the millionaire banker, to spend a brief time in a cell to day. Newman is the head of the company which owns Athletic park. Citizens there were not screened. When the police appeared in his Carondelet street offices to day Newman ordered them out and then barred the doors. Newman afterward went to police headquarters and was arrested and locked up. Later he was released. His excuse for not screening the citizens was oversight.

Additional nurses were sent to Patterson and Riverside, both in St. Mary parish, to day. At these two points exist the largest number of cases anywhere outside of the city, but the fever continues to manifest itself in a type exceedingly mild.

FORE CASES.

Keokuk, Aug. 22.—Physicians who went to Gregory to day report no more cases of yellow fever there. Six Greeks have been removed three-quarters of a mile from town and quarantined. The body of the Greek who died was buried.

Among to day's telegrams to the mayor was one from Democratic campaign manager Taggart, of Indianapolis. Taggart wrote of his interest and sympathy and offered large contributions of water from French Lick for hospitals and for poor patients. The offer was accepted. Some surprise is expressed here at the announcement from Jackson that the fever at Mississippi City has been declared epidemic. It is not believed the number of cases reported from there is sufficient to cause alarm and owing to the mildness of the type local authorities see no reason why it should not be held in check.

ESCAPED THE QUARANTINE.

Cairo, Ill., Aug. 22.—Health officers here believe they inspected a steamboat last week that carried the yellow fever to Gregory, Mo. Early one evening they met a small boat a few miles below Cairo and an inspector boarded her. The crew was unprovided with certificates and was very much depressed in appearance. While the inspector was aboard two men left the boat in a skiff. The captain was asked about them and stated they were sick with malaria and desired to go ashore. The inspectors' launch chased the men, but they succeeded in landing and escaped in the woods. The steamboat was watched, but as she carried no light she soon disappeared, and it is thought, proceeded up the Mississippi and carried the yellow fever into the railroad camp at Gregory.

DISCHARGED.

Ottumwa, Iowa, Aug. 22.—Mrs. Mary Harris, charged with the murder of her husband, James Harris, was discharged to day at the preliminary hearing. Harris was found dead Aug. 5 with a bullet hole in his head.

DISCHARGED.

Ottumwa, Ia., Aug. 22.—Mrs. Mary Harris, charged with the murder of her husband, James Harris, was discharged to day at the preliminary hearing. Harris was found dead Aug. 5 with a bullet hole in his head.

WRECKERS INJURED.

St. Louis, Aug. 22.—Eleven wreckers were injured, three seriously, by the collapse of the roof of the educational building at the world's fair grounds to day.

TOWED TO PORT

A Belated Steamer Arrives at New York Disabled and in Sore Need

New York, Aug. 22.—A steamer seventeen days late, with eight passengers, a cargo of rotten bananas and with the bones of half eaten sharks on board to indicate the perils of her voyage, arrived at Scotland lightship last night.

On July 3 the Athos left Port Antonio, Jamaica, for New York, a six days' voyage, with provisions in plenty. Three hours out from the eccentric road on the engine broke and from that hour until last Sunday, proceeding sometimes only an hour per day under her own steam, in constant danger of famine, without drinking water, receiving a supply from time to time of passing vessels, until Aug. 20, the disabled steamer gave up and signalled the steamer Altair for tow. This steamer brought the Athos to New York.

MURDERED BY RUSSIANS.

Victoria, B. C., Aug. 22.—News was received by the steamer Shawmut of the return to Hakodate of the Japanese sealing schooner Tora Maru with four dead and four wounded and with news of the murder of fourteen other shipwrecked sailors of the schooner Matsui Mio Maru by Russians off the Kamtschatka coast.

RESCUED POLE SEEKERS.

Hull, England, Aug. 22.—The Arctic steamer Terra Nova, which rescued members of the Zeigler polar expedition, arrived here to day from Bergen, Norway, with Anthony Flah, of Brooklyn, N. Y., leader of the expedition, and his companions, who are on the way to the United States.

ATTACKED BY ROBBERS.

Rhineland, Wis., Aug. 22.—While Manager Frank Sawyer of the Rhineland Boat company was working in his office at midnight he was attacked by two robbers. Sawyer was choked into insensibility and robbed of \$500. The factory was burned down as the result of a lamp overturning.

FORM ORGANIZATION.

Albany, N. Y., Aug. 22.—Twenty-one prominent manufacturers from different parts of the country are named as directors of the National Association of Manufacturers of the United States, which was incorporated here to day for the principal purpose of regulating relations between employers and employees and dealing with labor unions.

FOR DISSOLUTION.

Christiana, Aug. 22.—The storming to day adopted the proposals of the government for formal opening of negotiations with Sweden for dissolution of union.

TENNIS TOURNAMENT.

Newport, R. I., Aug. 22.—At to day's tennis tournament in doubles for the championship of the United States F. B. Alexander and H. H. Hackett, eastern champions, defeated Krehl Collins and H. P. Waldner, western champions. Hackett and Alexander to-morrow will play Ward and Wright for the championship.

FILES BILL IN EQUITY.

Washington, Aug. 22.—Attorneys for H. Roseler Dulaney, trustee in bankruptcy for Thomas E. Waggaman, who was treasurer of the Catholic university until his failure in business a year ago, to day filed in the district supreme court a bill in equity against Waggaman and John Ridout, trustees. The proceeding is brought with the view to securing the sale of what is known as Woodley park, in which Waggaman has a large interest, and distribution of the money among the creditors, and at set aside as a preference under the bankruptcy law a deed of trust obtained from Waggaman by the Catholic university in July, 1904, a few weeks prior to his failure. The validity of the trusts to the Catholic university amounting approximately to \$750,000, is challenged in the bill on the ground that it is preference under the bankruptcy law, and that the university had reasonable ground to believe when the trust was obtained that a preference was thereby intended. It is understood the university will vigorously resist efforts to vacate the trust.

TO MAKE THE TEST.

Springfield, Aug. 22.—Secretary-Treasurer Ryan and Board Members Walker and Parsons constitute the committee appointed by the executive committee of the United Mine Workers of Illinois for the purpose of making a test in the Chicago & Alton subdistrict where the dispute over the quantity of powder to be used in shots has caused 1,800 men to be idle since July 1.

IRRIGATION CONGRESS.

Portland, Ore., Aug. 22.—The National Irrigation congress to day considered subjects kindred to reclamation of arid lands in sectional meetings. The resolutions committee, before whom the actual work of the congress is proceeding, emphatically set its foot down to day on the foreign immigration resolution introduced at the general session yesterday. The subject has been disposed of temporarily. Another resolution on which the committee acted adversely was one favoring amendment of the reclamation law in the interest of large land holders.

CONGER HAS RESIGNED

AMBASSADOR TO MEXICO RETIRES

Accepted by the President, who Eulogizes the Services of the Distinguished Diplomat—His Successor Talked of

Oyster Bay, Aug. 22.—Edwin H. Conger, of Iowa, has resigned the post as American ambassador to Mexico to take effect Oct. 18, next, and President Roosevelt has accepted the resignation. Conger's retirement from diplomatic service was foreshadowed last week. It was intimated then that the might be sent to Pekin as special commissioner of the president to adjust, if possible, differences which have arisen between this country and China over the boycott of American goods by some of the Chinese commercial guilds. While no official statement is obtainable here regarding that mission there are reasons for the statement that it either has been abandoned or that it has been declined by Conger. At any rate it is not believed that Conger will go to China. It has not been determined definitely yet who will succeed Conger as ambassador to Mexico, but as heretofore stated it probably will be Brazil. It is known Thompson desires the Mexican post.

In connection with the appointment of the name of Francis B. Loomis, assistant secretary of state, has been mentioned, but it can be said pretty definitely that Loomis will not be appointed. His resignation as assistant secretary of state may be expected at any time. It is certain he is to retire from the state department, but whether he will receive an appointment in diplomatic service as has been suggested is thought to be somewhat problematical. The president to night authorized publication of correspondence which passed between him and Ambassador Conger with regard to letters of resignation. Conger's letter gives private business as the reason for resigning, expressing regret at leaving the service and thanking the president for many evidences of confidence received from him.

The president in his letter to Conger says: "I have received your resignation to take effect October 18, 1905 and accept it for that date. In thus accepting it I desire to express to you my cordial appreciation of the work you have performed in China. As previously in Brazil, in zeal, efficiency and single minded devotion to public duty you have been the kind of official of whom Americans have the right to feel proud and I congratulate the country upon having had your services."

FOR SINGLE STATEHOOD.

Muskogee, I. T., Aug. 22.—Resolutions declaring for immediate statehood for Oklahoma and Indian Territory as one state were adopted to day by the statehood and constitutional convention of Indians of the five tribes of civilized tribes.

DROWNED.

Kilbourn, Wis., Aug. 22.—Ben Dennis, of Chicago, and Sophia Nordholm, an attendant at Pine Glen resort, a summer boarding house on the river above Kilbourn, were drowned to day while bathing.

ADRIFT TWO DAYS

Terrible Experience of an Evanston Couple on Lake Michigan.

Chicago, Aug. 22.—After being afloat on Lake Michigan since Sunday evening in a small rowboat, John Charles and Miss Zaida Stewart, of Evanston, were rescued this afternoon. Both were in a precarious condition because of exposure and lack of nourishment and sleep.

Sunday afternoon Charles and Miss Stewart went riding on the lake in a small skiff. Two hours after they departed a squall swept over the lake and when nothing was heard of the couple it was thought they had either been lost or blown out to the middle of the lake and there picked up by a passing steamer. This afternoon while the life saving crew of Evanston was patrolling the lake in an effort to find some trace of the boat was discovered ten miles off shore.

Charles explained that during the squall one of his oars was broken, and that being unable to "prop" the boat after that he had devoted all his energies to keeping it afloat and out of the trough of the sea, which at times was exceedingly rough. His strength was about gone when he and Miss Stewart were discovered and he declared he could not have held out for another night.

FOUR KILLED.

Bosworth, Mo., Aug. 22.—Four men were killed by the explosion of an engine on a dredge boat near Norborne, Mo., to day. The dead are: James Lynch of Bosworth, Isaac Wade of Norborne and two unknown laborers. The bodies were mutilated beyond recognition.

GRAND CIRCUIT RACES

Good Events at Rendville, Mass., on the Opening Day

Rendville, Mass., Aug. 22.—The annual Grand circuit meeting opened here to day under the most favorable weather conditions with a track that was lightning fast. The meeting this year has been out from five to two days, but the curtailment did not keep down the number of starters. The attraction to day was the "Blue Hill" purse for trotters eligible to the 2:30 class last spring and Delree came up to expectations in taking the race in straight heats. Among other starters were Angel, winner of the M. and M. in Detroit, and Doodle K., who took five straight heats in New England tracks this season. Delree came within half a second of the record for the Blue Hill event in the second heat.

There was a surprise in the "Ponkapong" for the 2:11 class of last spring, for Ethel's Pride in her initial appearance showed herself one of the star trotters produced this year, winning in straight heats.

Baby trotters had their lining in the Horse Breeders' Futurity for foals of 1903 and Noma O., owned in Chicago, proved the best of the lot.

During a practice spin Audubon Boy was driven a mile by William Andrews in 2:03.

Admiral Dewey in an exhibition cut his record from 2:00 1/2 to 2:00 3/4.

2:30 trot, Blue Hill, purse \$5,000 (twelve starters):
Delree 1 1 1
Albert C. 2 2 2
Grattan Boy, Jr. 3 4 5
Best time—2:03 1/4.

Pool of 1903, Horse Breeders' Futurity, \$2,000, two in three (five starters):
Noma 1 1
Quilitta 2 2
Cochato 3 3
Best time—2:19.

2:14 trot, Ponkapong, \$3,000 (eleven starters):
Ethel's Pride 1 1 1
Glenwood M. 1 2 2
Turley 2 3 3
Best time—2:07 3/4.

NORWAY CONCILIATORY

Will Adjust Its Differences with Sweden in an Amicable Manner.

Christiania, Aug. 22.—The passage by the storming to day of resolutions relating to opening of negotiations with Sweden for dissolution of the union was not secured without obstinate resistance on the part of radical and socialist factions, whose program is to prevent negotiations with Sweden. The crushing majority of the government, however, shows the storming and the people are anxious to secure an amicable settlement. The government is firmly opposed to any change in its proposals, evidently wishing to meet the rickdang half way. It is believed in authoritative circles Sweden is now inclined to concede the candidacy of Prince Bernhard.

STOCKHOLM, Aug. 22.—Members of the cabinet are not willing to express opinion until the full report of the action of the storming is received. Prominent members, however, said to the Associated Press to day:

"It appears the storming's decision embraces approval of primary principles on which the rickdang founded its action. We understand the storming's decision coincides with the view held by the rickdang that negotiations on principal conditions shall precede the rickdang's consent to dissolution of the union and cancellation of the rickdang. Broad lines of settlement once reached, however, there is every reason to hope for a satisfactory solution of the question."

EARTHQUAKE SHOCKS.

St. Louis, Aug. 22.—St. Louis and vicinity was visited by an earthquake shortly after eleven last night. Three distinct shocks were felt by thousands of persons in St. Louis and far east as Belleville, Ill., south as far as Paducah, Ky., as far north as Springfield, Ill. The tremor lasted scarcely a minute, but was very distinct.

THE TENNIS TOURNAMENT.

Omaha, Aug. 22.—Only four matches were played in the tennis tournament to day. One match was played in the first round, in which G. B. Jones, of Hot Springs, S. D., easily beat Williams, who secured but one out of thirteen games. Ike Raymond, of Lincoln, and Blaherwick, of Rock Valley, Iowa, had a stiff match, in which the latter won. Snow, of Chicago, beat Dr. Nuhn, of St. Paul, in easy fashion, and Dr. Schelder, a local player, was tied with Hefler, of Pawnee City, in the middle of their third set.

WILL MAKE NO CONTRACTS.

Chicago, Aug. 22.—At a meeting of the Chicago Typothetae to day it was decided unanimously not to make any contracts on an eight-hour basis and as a result a strike of printers in job offices represented by the association is expected. If a strike is declared 600 printers will be directly affected and if the trouble involves employees in other branches of the job printing trade between 3,000 and 4,000 persons may be thrown out of work.

DEVASTATED BY STORM

TERRIBLE HAVOC DONE ABOUT ST. PAUL

Lives Lost, Crops Damaged and Property Destroyed by the Terrible Sunday Night—Late Reports Received.

St. Paul, Aug. 22.—Devastation, terrible and complete, was wrought on all sides of the twin cities by the storm Sunday night, according to reports received here. In all the region from Anoka to Fillmore counties. Reports tell of disaster told of loss of life and property. A number of families are missing and it is believed they are buried under debris which was strewn broadcast by the wind. Many instances of maiming are reported. The total loss of life will not be known for some days. Crops which had been cut and were ready for threshing suffered in many places and standing corn was damaged by hail and wind. Large sections of railroad tracks were swept away south of here.

Your knowledge of the consequences prompts you to inspect the meat brought to your house very closely.

The ice you use in your refrigerator and on the table should bear as close scrutiny. It must be pure ice or your health is equally endangered by its use. Ice taken from foul-smelling ponds cannot be pure, and while melting it gives up its impurities and taints the eatables. It is supposed to keep fresh.

RAMSEY MAKES TART REPLY

Addresses Wabash Official Concerning Criticisms of Former Management.

St. Louis, Mo., Aug. 22.—The strained relations between President Ramsey of the Wabash and Vice President F. A. Delano, who has superseded Mr. Ramsey in the management of the western lines, was shown in a letter from Mr. Ramsey to Mr. Delano, made public here. The text of the letter is as follows:

"Troniso, Norway, July 31, 1935—My Dear Mr. Delano: I never was more surprised in my life than when I read your interview relative to the large saving (?) you had made by abolishing the special service and train collector departments, and your comments on the foolishness of such things.

"It is such a common thing for some men to advertise themselves through newspapers, by showing what they can do, and save, as compared with others, that I would have paid little attention to your advertisement although it was full of misstatements but when you so far forgot yourself and the relation which should relate between the vice president and president of the company as to indulge in open newspaper comments and criticisms of the president's methods and policies, branding them as 'foolishness' I feel that I must call your attention to this branch of good manners and to some of the misstatements made by you. You surely could not have been fully informed regarding the special service and train collectors' work, for if you had been you would not have made the statements you did.

"1. The superintendent of special service, Mr. C. O. Eames has nothing to do with the train collectors.

"2. Mr. Sleater was superintendent of train collectors, not subordinate to Mr. Eames, but reporting to the president. Train collectors were carefully selected as to honesty and respectability—must be of good address and be well recommended and bonded by a surety company and approved of by the president.

"3. They receive \$85 per month (after first six months), and then for every five years service \$6 per month extra. A large number were receiving \$90 per month at the time, and your statement that \$75 per month men were doing the work of \$125 and \$140 a month men was not correct.

"After you have been on the Wabash long enough you will discover that these \$125 and \$140 a month men (conductors) will have all the want to do or can do properly to attend to their train running, look after train orders, etc., and to run their train safely. It may take a few accidents to impress this upon you (as it has others) but you will then conclude that reducing the pay roll by increasing the work on conductors, is not always a saving.

"Your remarks about 'Espionage' on Employees' is surely a play to the galleries. You must certainly know that on a road of 2500 miles, handling millions of passengers and tons of freight annually, with hundreds of thousands of claims of loss or damage to freight, personal injuries, thefts and robberies innumerable, investigation and witnesses wanted by the legal department, a special service department has its hands full and that espionage on employees is only an incidental feature, and exercised only in cases where violation of rules provided for safety of life and limb (such as drinking on or off duty) are persisted in.

"It is just as much the duty of a general manager to know that his rules are being lived up to and enforced properly as it is to provide safe rules. This is a proper espionage and the manager who does not insist upon it and uses all proper means to know that they are being lived up to is morally at least, responsible for any deaths that result from any such violations of the rules.

"What good is it to learn at an investigation after an accident, that the engineer, conductor or switch tender operator or whoever caused it was under the influence of liquor? Is it not better to find out before who are the drinking men and remove them?

"Train collectors on single track railroads, at least, are essential to safer operation of trains. When trains are run on schedules which require sixty to seventy miles per hour speed, and the conductor has numerous train orders and scheduled rights to look after I consider it safer to let the conductor have nothing to do but look after the trains and safety feature of the train collectors in relieving the conductors of taking tickets, cash fares and making out reports to the auditor, etc., is of greater value to the company than the cost which is fully paid for by the improvement in train revenue.

"I sincerely regret the necessity for writing such a letter to you, but on account of the publicity given your interview and the unusual character of your criticisms, in justice to myself and others, I am forced to correct your errors of fact, and answer comments. Respectfully yours,

J. Ramsey, Jr., President.

"P. S.—You have not 'abolished' either 'special service' or 'train collectors.' Your transfer special service to the division superintendents (letting out Mr. Eames and a few of his men only), and train collector superintendents reports to the auditor instead of to the general manager, with a reduced force, but as you continue 1.5th classes of service you must to some extent at least, continue some espionage of employees."

J. H. JRL.

The letter is a reply by Mr. Ramsey, who is now in Europe on a six months leave of absence, at the end of which it is understood his authority will be confined to the eastern lines, to an interview by Mr. Delano, published several weeks ago, and in which the vice president takes credit for changes he has made in the management of the road since superseding Ramsey.

F. A. Delano, in a telegram sent from Charlevoix, Mich., agent the letter of President Ramsey, says:

"I have not seen Mr. Ramsey's article. I feel sure Mr. Ramsey, who is in Europe, has been through some misinformation or misunderstanding led to assume that I have attacked him or his methods in the public prints. On the contrary, I have no criticism, public or private, to make on Mr. Ramsey. His official connection with the Wabash for the last ten years speaks for itself. While I hold different opinions from Mr. Ramsey on certain questions of policy, I should prefer to let the public judge of my work by results rather than by an exploitation of my views in the newspapers."

NEWS NOTES FROM ILLINOIS TOWNS

Had Husband Arrested—Dispatcher Drowned—Roothouse Waterworks—Other Interesting Items.

CAUSES HUSBAND'S ARREST.
In addition to having her husband, Ous Tate, arrested and bound over to the next grand jury at Charleston, Ill., for alleged abandonment, Mrs. Alma Hennella Tate has brought suit against John H. Tate for \$5,000 for the alleged alienation of her husband's affections. Young Tate and Miss Hennella were married last October and in February of this year Mrs. Tate tried to have her husband indicted by the grand jury for ill treatment and neglect.

DISPATCHER DROWNED.
The body of a man, who from papers found in his clothing, is supposed to be J. W. Harnett, formerly a train dispatcher for the Wabash at Decatur, Ill., and whose home was at Hornellville, N. Y., was found floating in the Chicago river Monday. There were no marks of violence on the body and it is supposed the man either committed suicide or fell into the river.

WATERWORKS.
The dam at the reservoir of the Roothouse waterworks is nearly completed. It covers about thirty acres, which will give a water supply sufficient for a city four times the present size of Roothouse. There are two or three thousand feet of ditch dug for laying pipe, and the whole thing may be completed in November.

WEDS FIFTH TIME.
B. C. Pearson, aged 79, and Mrs. Maria Fry, aged 41, both of Litchfield, were married at Litchfield by Rev. Mr. Carson. This is the groom's fifth marriage and the bride's third.

FOURTH MARRIAGE.
David M. Rodden, aged 38, and Mrs. Lulu Luther, aged 35, were married at Murphysboro Monday. The bride had been married twice, while her husband had been married three times. They have a family of ten children.

ILLINOIS MISER DIES.
Alexander Ferguson, one of the wealthiest men in Jackson county, died at Alva, Monday, aged about 85 years. Ferguson was a typical miser and an unique character. Although worth thousands of dollars he lived in poverty. He made his own clothes and did his own laundry work. His trousers were generally made of cotton grain sacks. His history is unknown. He made his appearance in Alva about thirty years ago and followed the carpenter trade. By living a frugal life he amassed a fortune and at the time of death he was estimated to be worth \$100,000. He lived alone in an old hut and had no associates. Several years ago he invested his money in government bonds to avoid paying taxes. These bonds are deposited with several St. Louis banks. At this time it is not known whether he made a will or not.

SHOWMAN FINDS MOTHER.
Mrs. Morris Baker met her son, Thomas Vincent, in Pana Monday for the first time in twenty-one years. Each had thought the other dead. Mr. Vincent is a son of Mrs. Baker's first marriage. He left her at Philo, Ill., twenty-one years ago, and after a correspondence of three years they lost trace of each other. Mr. Vincent is with the Bauscher Carnival company, and a relative, F. M. Baker, a business man of Pana, recognized him by his voice. Mr. Vincent left for Champagne, where he met his mother, who has been visiting there, and will spend the next two weeks with her. Mr. Vincent has resided most of the time in Mexico. Mrs. Baker is now 89 years of age.

GIRLS HURT IN A RUNAWAY.
A runaway in Mt. Pulaski Monday resulted in serious injuries to Mamie Wells and Pansy Gordon, both of that city. The young women were riding in company with a young man, when the horse shied at something, turned and threw Miss Wells out, she suffering severe internal injuries. Miss Gordon jumped from the rig and fractured her leg.

OLD SETTLERS OF THREE COUNTIES.
The various committees of the Old Settlers' association of Adams, Pike and Marion counties have completed arrangements for the monster picnic to be held at Payson next Thursday. In addition to the usual program of music and speaking there will be several contests and a number of prizes awarded.

WILL INVESTIGATE THE DEATH.
On account of recent developments the death of Miss Anna Oye, who was reported to have killed herself by shooting while out riding with Julius Darland near Arthur, is to be further officially investigated. The brother denies several statements made by Darland, who has been mysteriously missing since the funeral. It is claimed by her family she was murdered and that Darland had made threats against her for going with George Stelvers.

GIRL DROWNED.
Miss Jessie Crane, aged 18, a resident of Canton, was drowned in the Illinois river at Copperas creek while boating. She was in a skiff with her brother and another young lady, when one of the party upset the boat. Miss Crane's companions were nearly drowned.

HOTEL KEEPERS COMBINE.
Chicago hotel men, wholesale butchers and restaurant keepers have formed a combination against the "beef trust." Two plans, one costing \$150,000 and the other \$300,000, are in course of execution and a third to cost \$500,000 is contemplated.

A TRAGIC EVENT.
Saturday evening while watching a fight on the road near Perdueville, Ill., between a hired hand and a Kentuckian, John, the son of Paul Hoobler, met with a tragic death. Mr. Hoobler and his son were returning to Perdueville with loaded wagons. Young Hoobler had alighted from his wagon and with his lines in his hand stood just behind the wagon. Ole Weberg came along just then and young Hoobler asked him to separate the fight.

QUICK RELIEF FOR ASTHMA SUFFERERS.
Foley's Honey and Tar affords immediate relief to asthmal sufferers in the worst stages and if taken in time will effect a cure. Sold by J. A. Ollermeyer, City Drug Store.

LAKE TAHOE.
One of the most beautiful lakes in the world, lies in the heart of the Sierras on "The Overland Route," 8,220 feet above the sea level, and is completely hemmed in by mountain walls, whose rugged peaks rise in many places to an additional height of from 2,000 to 4,000 feet. It is twenty-three miles wide and from 100 to 2,000 feet deep. The entire region surrounding the lake is picturesque almost beyond description, and a never ending delight to the eye. This region is reached only over the Union Pacific and its connections, the fast trains via this route reach California many hours ahead of all competitors. Inquire of J. H. Lothrop, G. A., 903 Olive Street, St. Louis, Mo.

ers and make them stop. Then the hired man started for his team, which had started up, when Hoobler's team backed up. The end of the wagon struck him and threw him off his balance. He fell into the ditch and the hind wheel ran over his body. His father thought the hind wheel was still on his body and, jumping out, took the horses by the head and pulled them up, which caused the wheel to run over his neck and it was broken. He died within a few minutes.

on the homestead, and it was esti-
mated that aside from this there
would be an exemption of \$1,000 as
widow's dower for Mrs. Cohen if
Cohen should die, in addition to the
mortgage. The creditors desire to

 fine propositions for our customers.

Why pay \$200. per acre for land
 when you can get a better propo-
 sition for \$50 to \$75 in good old Pike
 county which will pay you twice as
 much on the money invested?

If you are renting, don't do it any
 longer, but buy a good farm with fine

If the iron industry is the barometer
 of trade, the following statement
 from Pennsylvania is encouraging:
 "It is estimated in Pittsburgh that
 30,000 tons of steel rails are yet to be
 delivered to the railroads on accepted
 orders, and the railroads are trying to
 place orders for 40,000 tons more be-
 fore the end of September. The
 rail mills can not keep up with their
 orders. Almost 40 per cent of the
 orders this year are from western
 roads, which find it necessary to re-
 place lighter with heavier rails. The
 Pittsburgh mills of the Steel Corporation
 can not fill their present orders
 by the end of the year, and railway
 improvements are delayed for ma-
 terial."

RUSSIA PROFITS BY CONFERENCE.

No matter what may be the re-
 sult of the Portsmouth conference,
 Russia will come out of it stronger
 in the mind of the world than when
 she went into it. Minister Witt has
 proved that he is a big man physi-
 cally, mentally and politically, and by
 his skillful maneuvering, ready
 concession of those items of the Jap-
 anese terms which were included in
 her demands made before the war
 and his inflexible resistance to those
 provisions which he construes as
 being humiliating in character, have
 won admiration for himself and
 sympathy for his government, says
 the Galesburg Mail. Notwithstand-
 ing this fact, the world can not for-
 get that Japan is in the position of
 a conqueror, and that considering
 the cause which lead up to the war,
 the attitude of Russia at that time,
 and the immense financial cost and
 loss of life required to prosecute the
 struggle, her demands are both just
 and reasonable.

McKINLEY SEES HAWAII'S WOES.

In a letter to the Journal-Gazette,
 Congressman William B. McKinley
 of the 19th Illinois district, who is
 a member of Secretary Taft's party
 to the Philippines, gives the follow-
 ing impressions that he has received.
 The letter was written after visiting
 Honolulu and making an inspection
 of the country. He says:

"As I think over the visit I am, of
 course, pleased with the hospitality
 of the people, but I wonder as to the
 outcome of a country where only 12
 per cent of land out of 4,000,000
 acres is suitable for cultivation, and
 where the only crop which can be
 raised to a profit is sugar, and
 amounts to 90 per cent of the ex-
 port from the island.

"I also wonder whether they are
 glad they forced themselves into the
 United States. Our government
 has, of course, taken over the import
 duties and gathered in from them
 some \$5,000,000 in the past five years
 and returned to them about
 \$7,000,000. Our Chinese exclusion
 laws have cut off that source of labor
 supply. The Japanese have
 come in and raised the price of labor
 50 per cent. The present population
 is, perhaps, 8,000 whites, 65,000 na-
 tive Hawaiians, 40,000 Chinese and
 65,000 Japanese. The planters are
 now longing for some law to enable
 them to bring in more Chinese labor.
 The trouble with the Jap is he is just
 as bright as the American, and the
 Americans there know it.

"Alarm is beginning to be felt in
 California concerning the Japanese
 invasion. Nearly one-half the men
 employed in the Union iron works
 are Japanese, and all the section men
 upon the Pacific coast and for 1,000
 miles east are Japs. It is appreci-
 ated by the California people that
 the Japanese will not mildly stand
 abuse, as do the Chinese, and that if
 they continue coming some serious
 question may arise. The hope at
 present is that they may be diverted
 to Korea and Manchuria for the
 development of those countries, the
 mikado recently having issued an
 edict restricting immigration to the
 United States. We shall probably
 be up against the proposition hard
 some day."

SOLITAIRE IN ILLINOIS.

Globe-Democrat.—Some curiosity
 having been expressed on the other
 side of the river as to the repeated al-
 lusions to the game of solitaire Gov.
 Deneen is playing with himself, it is
 enough to say that the fact is not
 worthy, because Gov. Deneen is the
 first Illinois governor since the de-
 mocratic interregnum who will play no
 other game than solitaire, or any
 game which might offer him, as the
 dealer, a strong temptation to manip-
 ulate the cards in his own interest,
 and for the purpose of beating some-
 body else. In solitaire, the only per-
 son a man can beat is himself. Now
 this, it may be submitted without
 fear of successful contradiction, is
 the game which a man in Gov. De-
 neen's present position should al-
 low himself to play. If he should play
 any of the games which include more
 than one player, and in which the
 struggle for the stakes is between

individuals, or groups of individuals
 pitted against each other, his ambi-
 tion might lead him to such abuses
 of his power in shuffling the cards
 that while he might win, his party
 would be defeated and lose all. Such
 things have been known.

Wherefore Gov. Deneen is to be
 commended for playing nothing but
 solitaire. He can not, under the
 rules of that game, defeat anybody
 but himself. This is not saying that
 he will not win, but, if he should,
 who will lose? Certainly not the
 party, and if his play is directed
 against the board and not against
 any individual, his success could not
 possibly be a signal for the blowing
 out of the lights. As long as the
 governor plays only solitaire his only
 game is to place each card in the pack
 in that place belonging to it, accord-
 ing to its rank and numerical value.
 If this had always been done in re-
 cent years Illinois Republicans would
 have to concede less of their successes
 to the force of great and overshadow-
 ing national issues. Governors who
 have shuffled the cards in other
 games than solitaire, and who have
 been suspected of dealing out clubs
 to themselves or their nearest friends
 have made the Deneen game of soli-
 taire brilliant by comparison.

Thus far in his administration
 Governor Deneen has played nothing
 but solitaire. People familiar with
 Illinois politics and who are moved
 by an unprejudiced disposition to
 fairness, agree that in every shifting
 of the cards he has made to date he
 has shown nothing but a desire to
 place each card in its natural order
 of sequence, and where it will fit into
 the scheme of party building in con-
 secutive line. All that is expected is
 that the cards shall fall into their
 proper places under the law of nat-
 ural development and selection. If
 this is done the party will be satis-
 fied no matter whether it is the pic-
 ture card of Cullom or Yates which
 appears on top of the deck, and with-
 out reference to the particular card
 which may have to go to the bottom.
 When he can do this the governor
 will have won his game of solitaire
 even if, in a natural order of events
 not forced by him or any manipula-
 tion of his, it should be his own pic-
 ture card which should crown the
 work. If he loses, he loses alone, if
 he wins he beats nobody.

LORIMER'S PULL.

Chicago Tribune: Gov. Deneen
 and the state organization are assur-
 ed practically that Senator Cullom
 will refuse to meet the overtures of
 peace which have been made with re-
 gard to Cook county. The result
 will be Deneen with Yates or some
 other candidate for the senate against
 Lorimer for control of the Cook county
 senatorial districts.

Cullom has yet some time in which
 to give assurance that he will play
 fairly in handing out the federal
 positions in Chicago, but no member
 of the Deneen organization is san-
 guine that there will be any other
 than a Lorimer Postmaster, Lorimer
 internal revenue collector, and Lorimer
 appointments all down the line.

In the absence of any definite state-
 ment from Cullom with regard to
 Cook county appointments there will
 be a cutting loose from all Cullom
 partisans throughout the state so far
 as state patronage is concerned.

Instead of recognizing Cullom
 people where they control counties,
 Gov. Deneen will put his own men in
 office and will create his own personal
 machine.

County leaders are to be called be-
 fore the governor shortly to explain
 their position with regard to the ap-
 proaching contest. Those who can
 present satisfactory evidence to show
 a prospect of continued good behavior
 toward the state organization will
 be recognized as "the men" of their
 counties. Those who cannot will be
 separated from all semblance of state
 patronage.

The Deneen people are confident
 that they will not be outtricked in
 this game of politics, but are wait-
 ing for Senator Cullom to make some
 definite reply to the propositions
 which have been submitted to him in-
 directly.

Gov. Deneen went back to Spring-
 field without having made any an-
 nouncements regarding the Lincoln
 Park board. This was no disappoint-
 ment to the local politicians, who had
 been told that nothing would be forth-
 coming until the latter part of the
 week, when it is expected the gov-
 ernor will return to Chicago and ap-
 point the board. His "tentative slate"
 is still in about the same form as an-
 nounced Sunday, but at least three
 changes are to be made. The
 Twenty-first ward is overstocked with
 commissioners according to this slate
 and changes will be made there.

Three of the numerous candidates
 for the Republican congressional
 nomination in the Fourteenth dis-
 trict to succeed the late Congressman
 Marsh were in Chicago yesterday.
 The convention is to be held at Bush-
 nell on Thursday. James McKinney
 state committeeman of Mercer county,
 Frank Allen of Rock Island, and
 George Rankin of Warren county
 were in Chicago. Politicians believe
 McKinney has an excellent chance
 to secure the nomination.

ALEXANDER.

Owing to sickness in the family
 we were unable to send in our items
 last week.

Mrs. E. J. Thompson was very sick
 last week.
 Rev. Mr. Flagg went to St. Louis
 on Monday. He preached one of the
 best sermons ever heard in the Alex-
 ander M. E. church Sunday after-
 noon. His sermon was appreciated
 by all who heard him.

The chicken fry which was held in
 the Alexander park was very largely
 attended. Every thing that could be
 had was served for supper. Great
 credit is due to Miss Flora Hall and
 Miss Sarah Cocking, Mrs. John Eri-
 on. Miss Hall knows how to have
 a supper and make a successful one.
 Those who assisted in waiting on the
 tables were Misses Mamie Corrington,
 Lee Thompson, Lizzie Snyder, Sarah
 Cocking, Mrs. Luther Wiley, Mabel
 Snyder, Miss Story, Mrs. Alice
 Thompson, Mrs. Eriksen, Mrs. Harris-
 on, Pearl Frost. Mr. Cleary fried
 the chicken.

Mrs. Benny and daughter have been
 visiting Mr. and Mrs. John Baker.

Mrs. Ed Henriksen's mother is
 visiting her from Brown county.

The church at Berea was largely
 attended last Sunday.

Rain is needed in this vicinity.

J. B. Corrington sold to M. Zachary
 several car loads of hogs Monday.

Clint Corrington spent Saturday
 in Jacksonville.

Lou Corrington, of Springfield,
 spent two days last week visiting with
 Clint Corrington.

The Misses Becker spent Sunday
 with the Misses Snyder.

Marion Thompson and son of
 Jacksonville, spent Sunday in the
 country visiting relatives.

MEN PAST SIXTY IN DANGER.

MANY INCONVENIENCES.
The people who attended the circus Tuesday evening experienced a great deal of trouble in getting home. When they left the tent the show men had already begun to pull the stakes and the grounds were in darkness. The road to the car line was muddy and a large number stepped into mud holes. The power plant was overtaxed and the cars stopped several times between the grounds and the square. The cars were so crowded that in some instances parents became separated from their children and considerable trouble was experienced in locating them. On the rear end of one of the cars a woman reported to the conductor that she had lost her husband and baby, "but" she said, "I have the baby's hat."

THE CIRCUS IS OVER.
The circus has come and gone, so let us get down to business and bid on a box of Country Club cigars. Next week you'll all want them, and you will pay us \$2 a box, and we get the money. Put in your bid this week and the hospitals will get the money. Remember, if there are 20 bids higher than yours, it costs you nothing, so don't be afraid of it. The 20 highest bids will be published Thursday, and each succeeding day until the sale closes.

AT THE GRAND
Dr. Jekyll and Mr. Hyde was the bill presented at the opera house last night. While the audience was small, the play seemed to give the usual amount of pleasure, the hearty applause of the audience showing that it was appreciated.

"Florodora" is the bill for Thursday.

RAILROAD NEWS NOTES

Wabash Buys Locomotives—28 Hour Stock Law Suit—Grain Rates—Local Mention.

Recently it was stated that the Wabash railroad had purchased fifty locomotives from the Baldwin company and that they would be shipped for distribution over the system at an early date this fall. The fact that the recent experiments conducted on the north end have shown the good features of the type of engines brought over from the Pittsburgh Terminal has inclined railroad men generally to the opinion that they would be purchased in sufficient numbers for employment on this and contiguous divisions.

Another suit for the violation of the twenty-eight hour stock law was brought in the United States district court at St. Louis. A number of these cases were compromised recently by the railroads paying a reduced penalty. The Burlington is the defendant in this action. The petition charges that the road kept a shipment of live stock made by T. B. Amos, from Knoxville, Iowa, in the cars forty-eight hours without unloading.

Grain rates were reduced Monday by all the western roads from lower Missouri river points to the Mississippi river and Chicago. The rates, which went into effect yesterday on wheat to Chicago, were 10 1/2 cents, and on corn, 9 1/2 cents. To the Mississippi river present rates are 7 1/2 cents on wheat and 6 1/2 cents on corn.

The Forepaugh-Sells Bros. show will leave over the Wabash in three sections of twenty-two cars each for Hannibal.

Division Supt. J. E. Stumpf, General Supt. F. E. Cotter and Trainmaster Karnes went through the city Tuesday in their special car "Missouri, No. 3" attached to Wabash passenger train No. 9 enroute to Hannibal, Mo.

S. J. Parks, of Decatur, traveling auditor for the Wabash, was in the city on business Tuesday.

Brakeman Newby, of Wabash local 70 and 71, is taking a lay off of ten days.

The C. & P. & St. L. ran a special from this city to Havana last evening to accommodate the circus visitors. The regular engine and train crew were used and four extra coaches were attached.

Lemmon Bros.' billing car No. 1 passed through the city Tuesday on Burlington train No. 47.

Floyd Violett returned to his work as assistant foreman of the Galesburg yards of the Burlington Tuesday, after spending a visit in the city with his parents.

Parlor furniture reupholstered. Mattresses renovated at Calk's. Both 'phones.

SISTER FELICIA TRANSFERRED.

BIG LARGE AUDIENCES

Rainy Weather Kept Many Away, but Attendance Was Large Nevertheless—Performances Were Satisfactory.

Although the weather was unpropitious, hundreds came to the city Tuesday to see the great Forepaugh-Sells show. The threatening clouds of the morning probably kept as many more home, but the bright skies of the afternoon tended to enliven matters to a considerable extent, and large audiences were present at both afternoon and evening performances. The aggregation appeared to give general satisfaction.

The show came in three sections from Litchfield via the Burlington about 3:30 o'clock Tuesday morning and was transferred to the Wabash tracks. The trains were taken to the North Church street crossing where they were unloaded and in a short time the tents were erected at the park. The preliminary operations were watched by a large crowd.

The square was lined with spectators about 11 o'clock when the parade reached the business portion of the city. It came down West College avenue to South Main street and passed around the square and up West State street to the grounds. Edward Shipp, who was here with the indoor circus at the Grand last winter headed the parade. He is well known here and was greeted by many friends.

The big tent was crowded for the afternoon performance, and in the evening another immense crowd was present. The performance proper was opened with a magnificent spectacle representing "Panama, the Portal of the Seas" or "the Stars and Stripes." The entire force participated in this spectacle which was made more impressive by the cheers of the patriotic citizens when "Old Glory" was unfurled. The clowns amused the children with innocent fun during the entire performance.

The funny men for this season are Zorala, Jenkins, Ryan, Kellys, Dutton, Vanderbilt, Van Dee Seers, Powell, Segrist, Cook, Emmett, Bell, Reklaw, West, Schaar, two Kings, Clifton, Henry, Green, Rose, Miao, O'Brien, Marvelle and the four Martineks, all capable in their line.

The wild animal department was especially creditable and the performance of the elephants and the other denizens of the jungles was of a very interesting character. The trained seals delighted the audience with their juggling and other tricks, while the horses with their cake walking and other stunts added much to the pleasure of the spectators. Edward Shipp acted as equestrian director. Among the chief features were Miss Julia Lowande, equestrienne; Miss Pearl Forepaugh, trapeze performer; the Adairs, balancing artists; Miss Marietta Correa, equestrienne; Russian musicians and dancers; and Oscar Lowande, equestrian bareback rider.

The vaudeville and concert which was given after the circus was largely attended.

Special trains were run out on the Burlington and C. & P. & St. L. to accommodate the patrons of the show from out of the city.

Bloomington, Aug. 23.—Prof. J. H. McMurray of Central college, Huntington, Ind., has accepted the presidency of Lincoln college, Lincoln, Ill.

A GREAT COUCH SHOW

A Great Couch Show

The showing is best told in the pricing. We offer this week a 30 inch full length, roll edge "Karpen," steel construction couch, the best in the world; a \$15 article, in bright colors; the best couch value ever offered.

For \$10.98

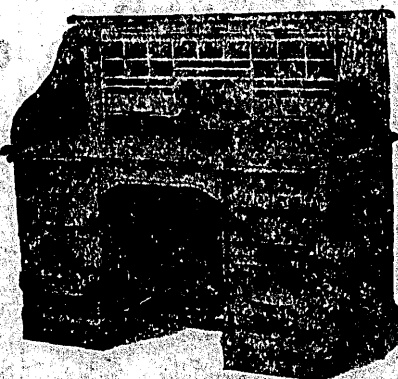

We are wondering whether we had better remind you of this couch department of ours. As we walk through it and see our splendid showing, and then remember that our prices are more than fair, it does seem as though couch wanters would like to hear about it.

Office Desks

Our line of office desks and supplies, filing cabinets, etc., is most complete. We can please you both in style and finish.

Macey Sectional Bookcases

We again call attention to the line of "Royal" Granite ware that we have recently added. The past week's sales have made us very enthusiastic and you get the best in the world when you get the "Royal."
